Berlin, Germany | +49 15223402413 | mirabelatiugan@gmail.com | LinkedIn | Github | Portfolio

ABOUT ME

I'm a junior full-stack web developer with strong background in project management and process optimization. I bring a unique blend of technical expertise, problem-solving abilities to create innovative and user-friendly web solutions.

TECH STACK

Frontend: HTML, CSS, JavaScript, React, TailwindUI, Bootstrap, Context API
Backend: ExpressJS, NodeJS, MongoDB, RESTful APIs, Authentication & Authorization, Handlebars
Others: Github, Git, Trello, Figma, Axios, Postman, Stripe

PROJECTS

GreenMind   **Jan 2024**
Tech Stack - MongoDB Atlas, Express, React, NodeJS, JavaScript, Bootstrap, Postman   *Repository*
- An e-commerce web application where users can purchase house plants
- Gained hands on experience with integrating secure payments into an online platform and creating an intuitive and efficient purchasing experience

readCycle   **Oct 2023**
Tech Stack - MongoDB Atlas, Express, React, NodeJS, Tailwind UI, Postman   *Repository*
- A web application for book enthusiasts to exchange and share their favorite books
- Demonstrated proficiency in full-stack development, database integration and user experience principles

Huggers (group project)   **Sep 2023**
Tech Stack: Handlebars, NodeJS, Express, Mongoose, MongoDB, Bootstrap, API   *Repository*
- A digital platform where people can connect, learn and grow together on their mental health journeys through discussions, journal entries and wellness recommendations
- Gained hands on experience with API integration

Cleaning Spree   **Aug 2023**
Tech Stack: HTML, CSS, JavaScript   *Repository*
- An interactive web-based game that challenges players to clean up Berlin's Spree river.

PROFESSIONAL EXPERIENCE

Project Manager *Wayfair   Berlin, Germany*   **10/2018 - 02/2023**
- Established a project management process for the EU Warehousing organization, enabling strategic project selection, strong execution, and effective change management
- Partnered with technology to build systems and tools to enhance proprietary WMS systems
- Initiated and led projects, designed future processes, and implemented process changes for the fulfillment operations teams, resulting in increased capacity and productivity
- Lead the opening of a fulfillment center in Germany

Business Process Manager *Hewlett-Packard   Bucharest, Romania*   **04/2015 - 09/2018**
- Simplified and standardized existing processes and designed new ones to increase efficiency and reduce errors at order management
- Coordinated an Automation Proof of Concept with external vendors (Automation Anywhere and WorkFusion) in view of selecting the right vendor for an automation division

Team Lead Order Management *Hewlett-Packard   Bucharest, Romania*   **02/2011 - 03/2015**
- Led a high-performing team of Customer Service Representatives, ensuring exceptional customer experience
- Managed the transfer of activities to onshore and offshore teams in Tunisia and India
